

Date: 17 December 2020

Dear Sir / Madam

Reference: 607486

ADVANCE NOTIFICATION OF START OF WORKS – A14 JUNCTION 52 TO JUNCTION 55 EASTBOUND AND WESTBOUND

I am writing to introduce VolkerFitzpatrick Ltd as the principal contractor working on behalf of Highways England. We will soon be carrying out repairs to the concrete road surface along the A14 from junction 52 to junction 55 eastbound and west bound.

Work will start on 11 January 2021 and be completed by the end of February 2021.

As your parish boundary is along the diversion route, you may notice more traffic than usual between these times due to our requirement to divert the A14 traffic on to these roads to allow us to complete these works.

We will continue to keep you informed before work commences and will advise you of any changes to our programme if required. A further letter setting out our upcoming works and diversion routes in greater detail will be delivered over the coming weeks.

I would be grateful if a copy of this letter could be placed on the parish website. However, further information setting out our upcoming works and diversion routes in greater detail will also be delivered to residents and local businesses by postcard over the coming weeks.

Further information can be found at www.highwaysengland.co.uk/A14concrete and on Twitter @HighwaysEast

Related Road projects: A14 Orwell Bridge High Winds – the improvements will allow the bridge to remain open during periods of high winds.

If you have any questions in relation to this letter, please feel free to contact us via the Highways England Customer Contact Centre on 0300 123 5000, or by emailing concreteroadseast@highwayseast.co.uk

Yours sincerely
John Eriksen
